SteadyBoy Records proudly announces its latest release, the new solo album from Nashville singer songwriter **Phil Lee**, ***So Long It's Been Good To Know You***, released June 16. With a wry wit, a country soul, and a rock and roll heart, Lee has been operating in a musical world that's slightly askew from that of his Nashville peers—and that's why it only makes sense that he has aligned himself with the more bohemian musical culture of Austin, Texas, by way of SteadyBoy Records.

In fact, Phil is the best Texas singer songwriter to ever not come out of Texas, as his songs resonate with the same lyrical depth, irony, and soul as the music of Butch Hancock, Lyle Lovett, or Guy Clark. With a voice as ragged and rugged as Dylan, Lee can paint pictures and tells stories with a stark and simple beauty, as demonstrated perfectly in the new album's opening track, "25 Mexicans." But he also rocks when he needs to when the song demands it, which is plenty.

You will hear more from Phil Lee, so remember the name. SteadyBoy is proud to have him on board!
